

Afterschool Parent/Carer Agreement re dealing with Covid 19.

It is obviously in the interests of everyone to adhere to the following guidelines at all times to ensure this setting can operate as safely as possible.

Please respect each other and be aware of distance.

- Do not give your child Calpol or similar before attending the session as this will interfere with temperature reading.
- Do not send your child if anyone in your household is showing signs of Covid 19.
- Children will be collected and walked down with staff keeping 2 metre distance.
- Downs and Balfour children will be in different groups during the session. They will have separate toilets and outside play areas.
- Whenever possible play and activities will happen outside.
- Before entering the building and once in the building hands will be washed with soap and water.
- Adults will socially distance using the 2 metre markings on the pavement while waiting to collect their child and will need to operate a traffic light system for safe distancing up and down the path. Please follow the arrows.
- No parent/carers will be allowed to enter the building.
- Accident forms will now be emailed so please respond swiftly to having read it. If it is a head injury, we will text you.
- A one-way system around the building using the outside paths will always be used by staff and parents/carers.
- If a child shows signs of Covid 19 they will, if possible, be kept outside with a member of staff until they are collected. Please collect promptly if contacted.

We appreciate that this new routine will take some getting used to so please be patient with one another, and with us. Thank you.

If anyone deliberately persists in behaviour that could endanger another, we will take serious action which could lead to the termination of your child's place.
